

**Parking information for Mobile Homes
and larger vans in off-street car parks
operated by Berwick-upon-Tweed
Borough Council**

The Borough Council operate a number of off-street Pay and Display car parks for vehicles up to 3.5 tonnes. These are located in the main centres, including the historic walled town of Berwick-upon-Tweed.

We are happy to accommodate compliant mobile homes and large vans in the following off-street car parks where there is sufficient space for larger vehicles:

Castlegate, Berwick-upon-Tweed:

Centre aisle of the long stay overflow

Chare Ends, Holy Island:

Parking at the north end, near entrance

Bamburgh

All areas except the coach parking area

Seahouses

grassed overflow at rear, between logs

Charges apply seven days a week including Bank Holidays and are displayed on signs adjacent to ticket machines.

There is also a weekly tourist permit which can be purchased in advance from Tourist Information Centres.

Further information is available in a separate leaflet.

**Other guidance and enforcement
issues**

In most other car parks, it is a requirement that vehicles are parked wholly within a marked bay so as not to be a hazard or obstruction for other users. Most drivers will find these unsuitable for a mobile home or larger van.

Caravans, trailers and vehicles over 3.5 tonnes are not permitted in any car park. Many of the car parks are unsuitable for these vehicles so please seek alternative parking.

Please be aware that overnight parking is not permitted in our car parks nor are you allowed fires or cooking outside the vehicle.

The main enforcement issues:

Failure to:

display a valid ticket
park wholly within a marked bay

You must not:

park in a disabled bay without the relevant permit
park in a coach area

Any of these may result in the issue of an Excess Charge. This is £60, reduced to £30 if paid within 14 days.
