The following information is provided as outlined in the current Monmouthshire County Council (Off Street Parking Places) Order 1996. This information relates mainly to the car parks within the main towns of the County and does not include Countryside car parks where there may be more amenities.

No vehicles over 2.5 tonnes, therefore no provision for motor homes over this weight. Castle Dell car park Chepstow does have a few coach bays mainly for parties visiting Chepstow Castle.

Monmouth Cattle Market car park has a height restriction barrier with a maximum vehicle height of 2.3 metres.

Vehicles are required to park within a marked bay and any vehicle drawing a trailer or caravan is deemed to be separate vehicles and therefore would be required to purchase a ticket for each vehicle.

Provision of toilet facilities can be found on the above list.

Maximum stay of 24hrs, with no trading or dwelling allowed.

No restricted access however some car parks are more accessible than others.
